

WEB DEVELOPER

TRUONG THANH HUNG.

As a fullstack web developer with youthful enthusiasm to come up with solutions at work with high efficiency.

With the dream of becoming a Fullstack engineer, the daily effort of studying, cultivating the ability to withstand pressure, as well as not being afraid to learn technology will be necessary conditions to reach the dream.

In the future, i want to develop mobile app with flutter.

INFOMATION

Date of birth	1995/06/26
Gender	male
Phone number	+84343086424
Mail address	thanhhung.dev@gmail.com or thanhhung.code@gmail.com
Address	Loc Hoa, Binh Gia Commune, Chau Duc District, Ba Ria - Vung Tau Province

GOAL

Short-term

Working in a dynamic and creative environment with enthusiastic colleagues.

Take advantage of available programming skills and develop other skills such as mobile apps.

Learn to work in a professional web app environment, then approach mobile apps.

Long-term

Become a Fullstack engineer and pass on your known knowledge to those who need it.
